

# Play Safe and Stay Safe

To play this board game with your friends, ask an adult to cut out the spinning dice and the counters on the back page (you could use a dice and plastic counters instead). Throw a six to start, then move along the squares according to the number on the dice.

Always tell your parent or carer where you are going.  
**SAY NO TO STRANGERS.**

When children go on the railway tracks they can get hurt. If they put something on the tracks or throw things at trains they can hurt the people on the train.
